THE EARLY HISTORY of Ohio University is contemporary with that of the beginning of the State. Hence it goes back to the famous Ordinance of 1787, by which a government was established for the Northwest Territory. Along with the adoption of this charter, there went a contract between the Ohio Company and Congress for the purchase of land northwest of the Ohio River. The company had already been organized at the famous "Bunch of Grapes" Tavern, Boston, on March 1, 1786, and had as its leaders such well known men as Dr. Manasseh Cutler, General Rufus Putnam, Winthrop and Nathan Dane.

Through the special activity of Dr. Cutler, Congress donated to the use of the future citizens of the region to be settled two entire townships of land as a perpetual endowment for a university.

Soon after the settlement of Marietta, 1788, initial plans for establishing a new college in the forest began. However, because of Indian wars, it was not until 1795 that the company directed General Putnam to proceed to the staking out in metes and bounds the location of the proposed college lands. Because of the continued fear of the red men, another four years elapsed before this Revolutionary soldier by direction of the territorial legislature, in a

fleet of canoes propelled by the power of the setting-pole against the swift and narrow channel of the Great Hock-Hocking accompanied by armed guards against the lurking savages and carrying with them pork, beans, and hard tack that made up their rough fare, proceeded to fix with compass and chain the boundaries of the university campus. In the meantime Dr. Cutler was busy planning the organization of the college. The charter was modeled after that of Yale, of which institution Dr. Cutler was an alumnus. The name given to the college was the American University.

In 1804 the Ohio Legislature passed another act changing the name to Ohio University. The first commencement occurred in 1815 with two graduates. One of them, the Honorable Thomas Ewing, became twice United States Senator from Ohio and twice member of the president's cabinet.

The university consists of two co-ordinate colleges: the College of Liberal Arts, and the College of Education. The College of Liberal Arts offers degrees in the following courses: Commerce, civil and electrical engineering, also B.S. Degrees in physics, chemistry, biology, music, secretarial science. The College of Education offers a B.S. Degree with specialization in practically any university course.

The department of mathematics and romance languages was founded in 1830. Other departments were installed in the following order: English, 1860; History, 1876; Psychology, 1886; Biology, 1890; Chemistry, 1894; Civil Engineering, 1904; Music, 1900; Public Speaking, 1916; Industrial Education, 1910; Art, 1900; Agriculture, 1911; Journalism, 1918; Sociology, 1922; Classical Languages, 1921; Department of Commerce, 1920.

The university is supported by the State of Ohio. Biennial appropriations are determined by the State Legislature. The appropriation for 1929-1931 amounted to \$2,285,000.00. The amounts have shown a marked increase, especially since the initiation of Dr. Bryan's administration. Ohio University has a class "A"

rating in the American Association of Accredited Colleges and Universities, and is a member of the National Interfraternity Council, and delegates have been sent for the last two years to the annual convention.

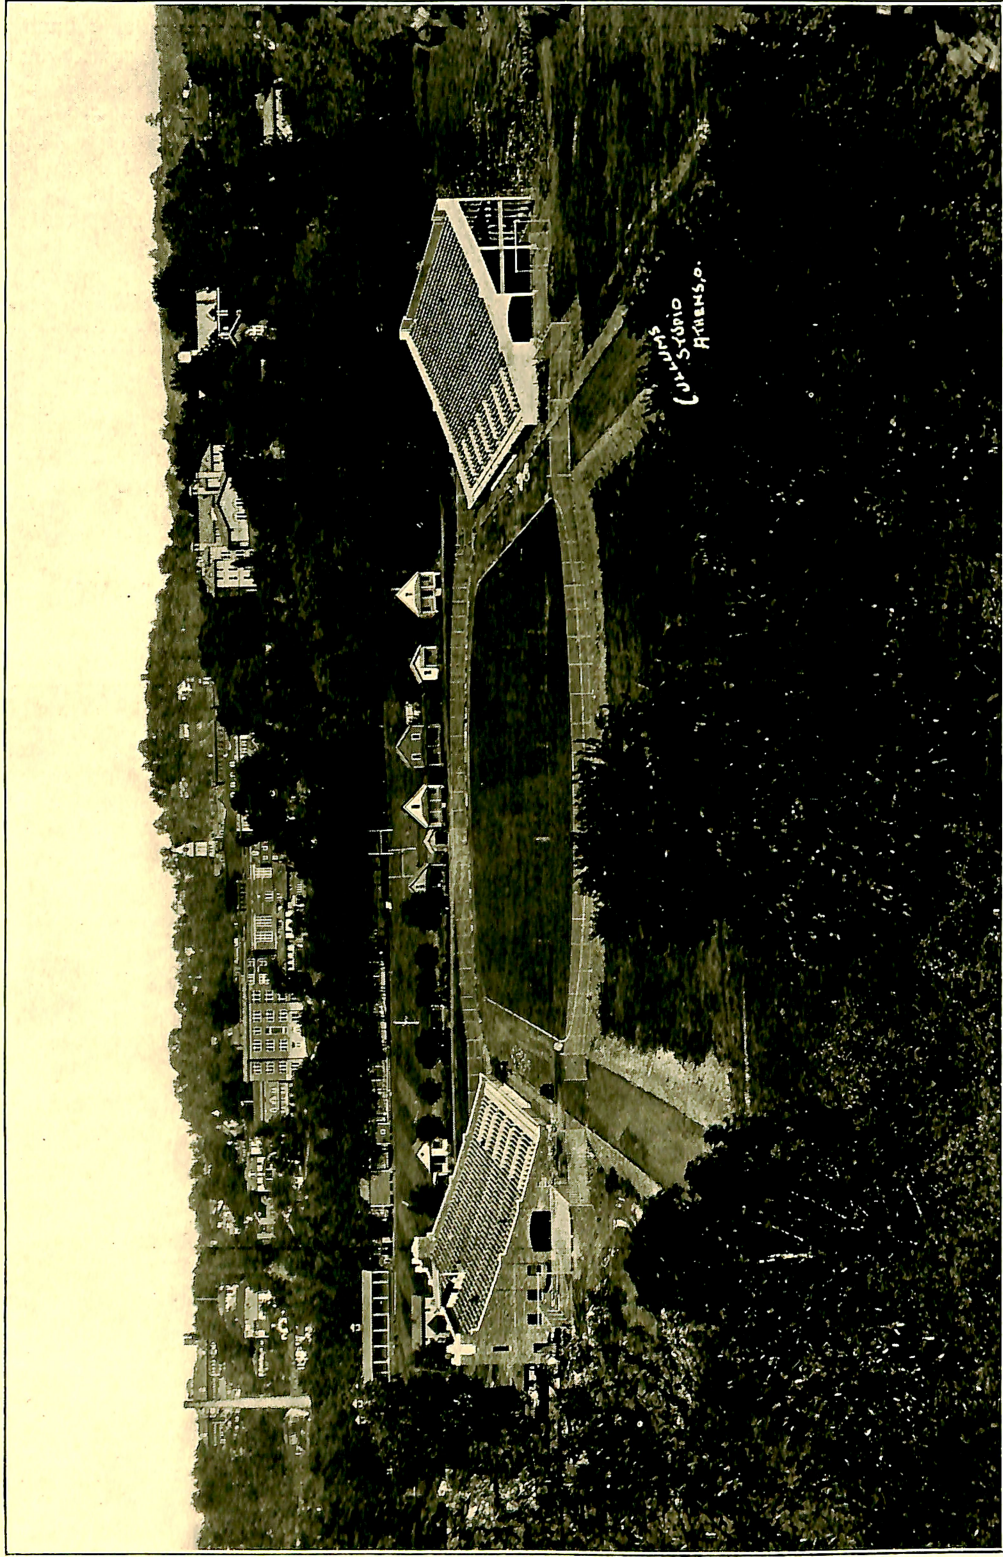

The total enrollment of resident students for the first term of the present year totals 2,596, of which 1,335 are enrolled in the College of Liberal Arts and 1,261 in the College of Education. The male enrollment is 1,401; the female 1,195.

At present there are twenty-four college buildings and sub-dorms on the campus. A library worth \$350,000 is under construction. Two years ago an auditorium valued at \$350,000 was completed and last year the Ohio University Stadium, worth \$200,000, was finished.

NOTE—Ohio University's method of determining grades is as follows: Grades of A, B, C, D, E, and F, are given. A equals three points, B equals two points, C equals one point, D, E, and F equal no points. The point average given is determined by dividing the number of hours of work taken in the University by the number of points made. Example: A student carrying 16 hours who makes 32 points has a point average of 2.00.

## A HISTORY *of the* BAND

PRIOR to 1922 the only band Ohio University had was one of twenty men, some attending college, others planning to attend college, and a few alumni who were residents of Athens.

In 1923 the Ohio University band made its first bow to college students. Twenty men under the direction of a student leader did much to show the officials of the college the need for a band supported by the University. From 1924 to 1928 the Band passed through a period of what was then termed a remarkable growth. A part time bandmaster, Mr. Gill, of Columbus, aided the men in their work and under his direction, the band grew to fifty men with uniforms. Three bass horns constituted the number of instruments owned by the university.

In 1926 a Band Club was organized with the intention of petitioning Kappa Kappa Psi. The club recognized men who had served in the band

three years. The club gave keys to the members as a form of identification.

In 1928, Curtis Janssen was engaged as full time band-master with classes in instrumentation and band instruments.

At the present time, the band under Prof. Janssen's leadership has a personnel of 115 men, new uniforms, and about \$8,000 worth of University owned instruments. Last year the concert band won a cup for being the leading band in competition at a musical festival in West Virginia.

The Band Club has had an active part in this development and hopes are high for even greater success in the future.

As President of the University, may I be permitted to support this application and express the hope that it will receive favorable consideration.

Our Band has done excellent work in recent years. The data relative to it will, of course, be submitted by the President or Director of the Band.

Much interest has been shown in the Ohio University Band and in instrumental music by a very large number of the young men on our campus. I am sure that the men who are now petitioning for a chapter of your honorary fraternity will do credit to such an organization.

I know many of the members of the Ohio University Band Club. They are young men of outstanding quality both in scholastic and musical ability. The Band itself, under the guidance of a skilled and enthusiastic member of the faculty, employed exclusively for this leadership, occupies a useful and prominent place in the life of Ohio University.

I believe that the Ohio University Band Club has the qualities which will make it a worthy and honorable member of Kappa Kappa Psi.

Gentlemen:

It is a pleasure to recommend to you the group of young men who make up the personnel of the Ohio University Band Club.

Individually considered, the men are of excellent character; and are prominent in campus activities. The group maintains a C plus scholastic average.

The band at Ohio University has a prominent place among the other campus activities. Besides playing at the regular athletic functions, this organization has given several very excellent formal concerts.

It is my belief that the Ohio University Band Club is deserving of national recognition, and I should like to see them granted a charter of Kappa Kappa Psi.

The Band Club on our Campus is an organization of young men from the personnel of the University Band, with the purpose of showing recognition of merit, and appreciation of the individual contributions made to the University Band through steady attendance and improvement of service rendered.

I believe the young men are interested in bringing to the Ohio University Campus a chapter of Kappa Kappa Psi, and I am confident that they merit the serious consideration of your officers as being a worthy and excellent group. I am in favor of their making this effort.

Gentlemen:

COLLEGE OF LIBERAL ARTS  
January 19, 1931

I have been asked by the president of the University Band Club, Mr. Patch, to write a letter concerning the activities of this organization on our campus.

The University Concert Band meets for rehearsals three times a week. One hour credit is given for successful participation in this activity. We are playing the very best grade of music, and in a concert to be given in February we will play several symphonic band arrangements using, besides two alto and two bass clarinets, two bassoons, three oboes, three flutes, eight French horns, three cellos, two string basses, and a piano. We are also presenting at this concert the finale of Tschaikowski, F Minor Symphony, Stradella Overture, and a Prelude by Jean Beghon.

Since my coming to Ohio University two years ago, the University has spent some \$8,000 on uniforms and instruments. We have practically all of the instruments needed for a 100 piece band, excluding, of course, such instruments as B-flat clarinets, trumpets, and trombones.

The band functions more than any other musical organization on our campus. Already this year it has played for ten football games, given several outdoor and convocation concerts, and one-half of the band of 50 men plays for the University basketball games. This spring we plan to make a three or four day tour, playing in the leading high schools and colleges in Southeastern Ohio and West Virginia.

The organization of the University Band is entirely taken care of by the student officers, and my particular duty is, as far as I am able to make it, only of a musical nature. I am sure that the hopes of these officers and men in the band will be able in the future to do even more after receiving the official recognition of the National Band Fraternity, Kappa Kappa Psi.

Very truly yours,
